## ACKNOWLEDGEMENTS

ac.

- ac.1 This publication was completed under the patronage and supervision of 84000: Translating the Words of the Buddha.
- ac.2 The text was translated, edited, and introduced by the 84000 translation team. Bruno Galasek-Hul produced the translation and wrote the introduction. Nathaniel Rich edited the translation and the introduction, and Dawn Collins copyedited the text. Martina Cotter was in charge of the digital publication process.

#### INTRODUCTION

i.1 The Dhāraṇī of the Essence of Śākyamuni is a very brief dhāraṇī contained in the Degé Kangyur in both the Tantra section and in the Dhāraṇī section. Within the Tantra section, it is classed as an Action tantra (bya rgyud, kriyātantra).

i.

i.3

i.4

i.2 The dhāraṇī has no narrative frame or interlocutors and starts with a formulaic homage to the Buddha Śākyamuni. Immediately after that, the dhāraṇī mantra that invokes the Buddha is presented. The dhāraṇī concludes with the marvelous benefit that can be expected when one recites Śākyamuni's dhāraṇī mantra only once: all the negative actions that one has accrued during eighty million *kalpas* will be completely purified.

The Dhāraṇī of the Essence of Śākyamuni has no Sanskrit title, no translators' colophon, and we do not know who translated it or when. To our knowledge, no Sanskrit text of this dhāṛaṇī is extant and it does not appear to have been translated into Chinese. The catalogs of the early imperial translations, the Denkarma and the Phangthangma, do not list it. The short title is mentioned in the catalog of translated works in the Kangyur that is included in Butön's monumental fourteenth-century History of Buddhism.¹ Richard O. Meisezahl records an interesting variant of the dhāraṇī in a catalog of Tibetan manuscripts and prints kept in the Linden Museum in Stuttgart. Here, the dhāraṇī of Śākyamuni is clearly comprised of the homage (in transcribed Sanskrit) and the essence mantra, while in the Degé version of The Dhāmṇī of the Essence of Śākyamuni, the homage is translated into Tibetan and appears separate from the essence mantra. The version in the Linden Museum reads as follows: na maḥ śākya mu na ye ta thā ga tā ya | arha te samyaksaṃ buddhā ya | tadya thā | mu ni mu ni ma hā mu ni ye sbā hā.²

The mantra of the Buddha Śākyamuni occurs in a few other places in the Kangyur, most notably in *The Perfection of Wisdom in a Few Syllables* (Toh 22) and in *The Perfection of Wisdom for Vajrapāṇi* (Toh 29), as well as several times in *A Portion of the Practice of the Sovereign Tantra Purifying Evil Destinies* (Toh 485).

i.5 This English translation was prepared based on the two versions in the Degé Kangyur (Toh 533<sup>3</sup> and Toh 860<sup>4</sup>) in consultation with the variant readings of the Comparative Edition (*dpe bsdur ma*) of the Kangyur and the version in the Stok Palace Kangyur (S 492). Śākyamuni's mantra was edited based on the Degé edition and an English translation is provided in a note.

## The Noble Essence Dhāraṇī of Śākyamuni

## The Translation

[F.82.b] [F.99.b]

1.

- 1.1 Homage to the thus-gone, worthy, fully and perfectly awakened Śākyamuni!  $tadyath\bar{a} \mid muni\; muni\; mah\bar{a}munaye^{\underline{5}}\; sv\bar{a}h\bar{a}^{\underline{6}}$
- When one has recited this once, whatever negative actions one has committed during eighty trillion *kalpas*, will all be purified.
- 1.3 The Noble Dhāraṇī of the Essence of Śākyamuni is complete.

n. NOTES

- n.1 Butön Rinchen Drup, folio 174.a / 979: shākya thub pa'i snying po.
- n.2 Meisezahl 1957, p. 100. The Śākyamuni dhāraṇī is found in a small tightly rolled cylinder (inventory number 71 554) of five white, printed paper strips that was wrapped with colored thread and possibly used to put in an amulet or a statue. On the first leaf is written bya rgyud kyi sde las ("From the Kriyā-tantrapiṭaka") and "the general heart mantra" (spyi'i snying po) of Śākyamuni. Leaf number two contains the bcom ldan 'das śākya thub pa'i snying po "the heart mantra of the Bhagavat Śākyamuni." The remaining leaves bear two more dhāraṇīs associated with Śākyamuni and the dhāraṇīs of Amitābha, Akṣobhya, and Bhaiṣajyaguru.
- n.3 Two sets of folio references have been included in this translation due to a discrepancy in volume 88 (*rgyud*, *na*) of the Degé Kangyur between the 1737 *par phud* printings and the late (post *par phud*) printings. In the latter case, an extra work, *Bodhimaṇḍasyālaṃkāralakṣadhāraṇī* (Toh 508, *byang chub snying po'i rgyan 'bum gyi gzungs*), was added as the second text in the volume, thereby displacing the pagination of all the following texts in the same volume by 17 folios. Since the eKangyur follows the later printing, both references have been provided, with the highlighted one linking to the eKangyur viewer.
- n.4 Note that there is a discrepancy among various databases for cataloging the Toh 860 version of this text within vol. 100 or 101 of the Degé Kangyur. See Toh 860, n.4 (https://read.84000.co/translation/toh860.html#UT22084-088-027-83), for details.
- n.5 S has mu ni ye.
- n.6 "Like so: Sage, sage, [homage to the] great sage! *Svāhā*!" All consulted editions of the Kangyur read *muni*, which is the stem form of the Sanskrit

noun *muni* ("sage"). However, the vocative singular *mune* would be the grammatically correct form.

n.7 Tib. bye ba brgya phrag brgyad khri.

# · Types of attestation for names and terms of the corresponding · source language

AS Attested in source text

This term is attested in a manuscript used as a source for this translation.

AO Attested in other text

This term is attested in other manuscripts with a parallel or similar context.

AD Attested in dictionary

This term is attested in dictionaries matching Tibetan to the corresponding language.

AA Approximate attestation

The attestation of this name is approximate. It is based on other names where the relationship between the Tibetan and source language is attested in dictionaries or other manuscripts.

RP Reconstruction from Tibetan phonetic rendering

This term is a reconstruction based on the Tibetan phonetic rendering of the term.

RS Reconstruction from Tibetan semantic rendering

This term is a reconstruction based on the semantics of the Tibetan translation.

SU Source unspecified

This term has been supplied from an unspecified source, which most often is a widely trusted dictionary.

### g.1 dhāraṇī

gzungs

বার্হঝা

dhāranī <sup>AD</sup>

Definition from the 84000 Glossary of Terms:

The term <code>dhāraṇī</code> has the sense of something that "holds" or "retains," and so it can refer to the special capacity of practitioners to memorize and recall detailed teachings. It can also refer to a verbal expression of the teachings—an incantation, spell, or mnemonic formula—that distills and "holds" essential points of the Dharma and is used by practitioners to attain mundane and supramundane goals. The same term is also used to denote texts that contain such formulas.

#### g.2 heart mantra

snying po

hṛdaya <sup>AD</sup>

Literally "heart," this term means the heart essence or essence of the deity and here refers to the deity's mantra.

#### g.3 kalpa

bskal pa

고겠다.지

kalpa <sup>AD</sup>

Definition from the 84000 Glossary of Terms:

A cosmic period of time, sometimes equivalent to the time when a world system appears, exists, and disappears. According to the traditional Abhidharma understanding of cyclical time, a great eon (*mahākalpa*) is divided into eighty lesser eons. In the course of one great eon, the universe takes form and later disappears. During the first twenty of the lesser eons, the universe is in the process of creation and expansion; during the next twenty it remains; during the third twenty, it is in the process of destruction; and during the last quarter of the cycle, it remains in a state of empty stasis. A fortunate, or good, eon (*bhadrakalpa*) refers to any eon in which more than one buddha appears.

## g.4 Śākyamuni

shAkya thub pa

পুশ্র-প্রবাধা

 $\dot{sa}kyamuni~^{AD}$ 

Definition from the 84000 Glossary of Terms:

An epithet for the historical Buddha, Siddhārtha Gautama: he was a *muni* ("sage") from the Śākya clan. He is counted as the fourth of the first four buddhas of the present Good Eon, the other three being Krakucchanda,

Kanakamuni, and Kāśyapa. He will be followed by Maitreya, the next buddha in this eon.
